In response to the U.S. Department of Commerce anti-dumping duty of 12.58% and the countervailing duty of 19.31% imposed on Canadian softwood lumber exports, PRINCE GEORGE Mayor Colin Kinsley has initiated an electronic petition aimed at ending the trade dispute. The Mayor is asking you to sign your name, adding strength to his written request to President Bush asking him "to intervene as quickly as possible, to the fullest extent permitted His Office under American Law". If you wish to sign the petition, visit www.city.pg.bc.ca.
