> *Subject: Notice of Motion; Telecommunication Facilities approval -*
> *Report Councillor Crist*
>
> *Motion:*
>
> *That prior to the approval of the installation of Telecommunication*
> *Facilities in the District of North Vancouver all such requests be*
> *submitted to the respective Community Association in any given area for*
> *information and consultation.*
>
> *Rationale:*
>
> *Any request for the installation of Telecommunication Facilities in the*
> *District is at present vetted by the District Planning Department and*
> *requires no approval of Council. Indeed according to policy Council is*
> *merely informed rather than being consulted.*
>
> *On the other hand the appearance of such facilities is frequently not only*
> *out of character in any given neighborhood but is also in some cases very*
> *controversial.*
>
> *Applications such as the one for 995 Roche Point for instance allows for*
> *the Director of Planning, Engineering, Parks and Regulatory Services to*
> *directly approve construction of this facility. In the case of 995 Roche*
> *Point Drive submitted by Bell Mobility Inc. such antenna installations*
> *are already in place. Bell Mobility now; requests the installation of an*
> *additional facility.*
>
> *Since such facilities have at least the potential of severely impacting at*
> *least the esthetic appearance of a neighborhood, it behooves Council to*
> *request that such applications be submitted to the relevant community*
> *association for consultation prior to being approved by Staff.*
>
> *In the event that a neighborhood objects to such an installation the*
> *matter should come before Council much like requested variances to the*
> *District Sign Bylaw are coming before Council.*
