Dear Mr. Roote:

I have been given a copy of a letter sent to you by District Staff re Parking issues on Churchill and Roosevelt Crescent.

While I acknowledge District Staff's right to voice an opinion on the matter of your concern, I cannot concur with the statement made in their letter to you that although "Indigo" has added to the traffic problem on Marine Drive "Hopefully the problem will ease somewhat once the new opening curiosity wears off and traffic patterns adjust".

I just do not think this is good enough. If my memory serves me correctly there was a shortage of parking space and, through a DVP, we made concessions thus reducing the required number of stalls. In any case, Marine Drive will become ever more congested and I think it is important that we either allow for sufficient parking and/or switch to more public transit oriented solutions. Either way we have to be more alert and act with greater foresight.

Yours truly,

Ernie Crist,
