> *Subject: Notice of Motion;*
>
> *NOTICE OF MOTION*
>
> *That construction on all major building sites in Lynn Valley be*
> *prohibited on every Sunday of every Month and that the District Bylaw be*
> *changed accordingly.*
>
> *RATIONALE:*
>
> *A past District policy, which prohibited major construction work on*
> *Sundays, was changed by the present Council at the behest of*
> *developers. The result is that they are now free to cause a noise*
> *disturbance on Sundays which, for many District residents is still a day*
> *of worship.*
>
> *By changing the old bylaw, which prohibited such work during all hours of*
> *Sunday, Council is infringing on the rights of people to have at least*
> *one full day of peace and to worship without being subjected to*
> *excessive noise as is the case in the Lynn Valley Core where such large*
> *scale construction is taking place and will continue for some time.*
>
> *Mr R. Gelling, a resident of Lynn Valley, a member of the Lynn Valley*
> *Community Association and a member of the Church located at 1341 East 27*
> *in Lynn Valley has written a letter which is enclosed, complaining that*
> *Sunday church services at his church were and are being disturbed by*
> *noise caused by adjacent construction work taking place on Sundays.*
>
> *The central question of this issue is that while to many the rights of*
> *developers to make such noise may be acceptable, to many it is not since*
> *it infringes on their constitutional right to worship in peace at least*
> *one day a week. That right is enshrined in law and is part and parcel of*
> *the Canadian Christian Tradition and Charter of Rights. Subsequently, the*
> *Bylaw should be changed to guarantee that right.*
