Subject: Thanks (re: pesticides)

Councillor Crist:

Thank you for your kind words in your letter of July 24, 2002. Before coming to the most recent Council meeting, I watched the internet videos of previous council meetings dealing with pesticides, and I must say that I was impressed with your statements about pesticides. It is wonderful to see a member of local government who is so progressive and action-oriented. It seems that you have taken the phrase "think globally, act locally" to heart, and are putting it into practice. I hope that recent decisions by the City of Vancouver and Port Moody will demonstrate to the rest of Council that many municipalities are heading in the direction of a pesticide ban.

I wish to sincerely thank you (and the other Councillors who supported this issue) for your inspiring words and actions, and I encourage you to continue to fight for healthier citizens and ecosystems.

Thanks again,

Jocelyn Leney
