I'd like to second that also and even more particularly for shutting down the billboard initiative.

Subject: Noise Regulation Bylaw

Mayor & Council,

Each of you deserves to be congratulated for supporting the amendments to the Noise Regulation Bylaw. In particular your support for limiting the time permitting "large scale construction" on Saturdays from 9 a.m. to 5 p.m. will no doubt be a relief to many District residents. The new time limits are now more in-line with the regulations in NV City and West Van. which recognize that Saturday is different from a weekday and that residents should not have to endure large scale construction 7 days per week. Well done.

Sincerely,
Brian Platts
