Dear Mayor & Council:

Mr. Kost asks some very pertinent questions. I keep thinking of a front page headline a few years ago in the NSN (94/95?) which stated that District residents were faced with a \$100 million expense in replacing the asbestos / cast iron / wood watermains.

I have determined through District Financial Statements that the District spent \$182,480,432 from its reserve funds from 1990 through 2000.

Reserve Fund Expenditures

1990	\$6,505,584	1996	\$9,467,175
1991	\$4,970,160	1997	\$32,664,909
1992	\$18,311,815	1998	\$22,170,260
1993	\$27,172,254	1999	\$5,819,004
1994	\$13,220,119	2000	\$3,980,114
1995	\$38,199,038	Total	\$182,480,432

It would be a prudent exercise to discover exactly where this money was spent.

Yours truly , Dave Sadler
