Dear Mr. Shanks:

I concur with your concerns. I have on several occasions put forward both to Council and the GVRD, a program based on the expertise I acquired when, at the taxpayers expense I, along with other regional politicians, made a trip to Europe visiting various cities and facilities ending up in Berlin at an international conference on waste.

Upon my return I produced a report. When it comes to waste management, we in BC are on the wrong track altogether. One crucial ingredient in our Provincial, GVRD and District waste disposal programs is lacking. This in turn gives rise to all the other follies including the one giving you concern.

I did not support the present policies and bylaws imposed on you since, in my opinion, it was totally unnecessary. This opinion is shared by the Federation of North Vancouver Community Associations, [FONVCA@FONVCA.org](mailto:FONVCA@FONVCA.org)

Yours truly,

Ernie Crist
