> *Dear Mr. Waugh:*

>
> *Don't be angered by the "Billboard" proposal but instead prepare for the
> next election. The reason I say so is not only for the reasons as stated
> in your letter but also because one - the bridge will not solve the
> traffic problem on Dollarton but will on the contrary exacerbate it and
> number two - this is merely the beginning of the uglification of the
> District and three - the District has access to millions of dollars
> provided we have the political courage to take back what is ours, namely
> all the money we spend to subsidize the City of North Vancouver via the
> Rec Commission including providing playing fields. They are building the
> high-rises and we are building the playing fields.*

>
> *That is quite apart from all the other serious shortcomings in how we
> manage the District resources. The bottom line is that the Billboards are
> a way out to divert attention from the issues we have failed to address.
> And it is done at the expense of the taxpayers and the beauty of the North
> Shore which is the reason why those same taxpayers have moved and are
> living here in the first place.*

>
> *I say get ready for the next election in full knowledge that, unless there
> are going to be changes in the makeup of Council this coming November the
> uglification of the District will proceed with accelerated speed.*

>
> *Thank you for speaking out.*

>
> *Yours truly*
