Dear John:

I am exceedingly sorry that you are resigning your position on TPAC although
I can appreciate your frustrations. I wish you would reconsider and stay
on. Hopefully things will change before long in line with your expectations.
Notwithstanding as Council's rep and as a person who initiative TPAC, allow
me to say thank you for all your efforts and hard work to make this
community more livable.

Again thank you.

Ernie Crist

Subject: TPAC

TO: District of North Vancouver Council,

I have been a volunteer on TPAC for almost four years. My main reason for
volunteering was the belief that I could help find a way to encourage
people to walk or cycle, rather than being totally dependant on their cars.
I feel, after almost four years, nothing has been accomplished. Very few
sidewalks have been built. Very little has been done to make cycling safer.
The only designated cycle route, that is not on a busy street, has been
allowed to be taken over as an off - leash dog walk. (Lynn Creek pedestrian
trail & bridge).

I don't feel there is any commitment by NV District council or staff to
address these issues.

Therefore, I am resigning from TPAC immediately.

I will continue to seek solutions to cycling and walking in my local area
by working within our community association.

Sincerely,

John Fair
