Dear resident:

Re \$300,000 plus fraudulent misappropriation of District funds

You are urgently requested to attend the Council meeting on Monday, January 13th at 7:00 pm (tomorrow), at North Vancouver District Hall.

Our community needs your support. At the meeting, speakers will demand that Council deal with the motion passed at the (in-camera) Council meeting of November 30th, that there must be "an independent audit of the Northlands golf course operations and business processes conducted by an outside agency, forthwith." The new council has decided, instead of the independent audit, to set up a committee of volunteers to look into the situation. Who knows how long this will take or how effective it will be?

This matter has been delayed too long and key people and records may change.

For more information, contact Allan Orr at 604-929-4408.
