Motion:

That the Council of the District of North Vancouver support the enclosed Motion on Health Care as requested by CUPE and further that

a copy be forwarded to the Prime Minister of Canada, the Premier of BC, both Federal and Provincial Health Ministers and the North Shore Local MP's and MLA's, as well as CUPE, BC.

Whereas District residents and Canadians alike pride ourselves on the fact that Canada has provided universal, publicly accessible health care to its citizens for over 30 years, and

Whereas the principles of the Canada Health Act are the basis upon which our public health system was formed and have provided access to life saving and life enhancing care for over a generation, and

Whereas Canadians are challenged as never before to protect, restore and upgrade where necessary our public Medicare system

Therefore be it resolved the Council of the District of North Vancouver support Canada's public health care system and the principles of the Canada Health Act and,

Be it further resolved that the Council of the District Vancouver call upon the federal and provincial governments to ensure that the principles of the Canada Health Act are maintained, and the public health care system is publicly delivered and upgraded where necessary, and that adequate public funds be provided to do so.
