&gt;

&gt; Mayor Bell;

&gt;

&gt; I herby request that Council rescind its recent decision depriving me from accessing the Clerks Department. This act was clearly geared to harass and humiliate me for no valid reason other than to divert attention from the real issues surrounding this mess.

&gt;

&gt; I also request that the decision preventing me from being Acting Mayor be rescinded. In light of your previous, documented and politically motivated threats of retaliation against me, Council's decision made at your behest lacks any moral authority. It is neither reasonable nor rational.

&gt;

&gt; It is YOU who manipulated the Northlands process. My decision to divulge relevant information to the press was as much an act of self defense as it was a gesture of duty to the electorate. Also, as I explained more than once, no information dealing with the criminal investigation was ever revealed, certainly not by me.

&gt;

&gt; Your refusal to deal with the Nov. 30 decision calling for a full audit left no doubt in my mind that you were determined to sweep Northlands under the rug. Why else would you refuse to deal with the motion of Nov 30 - even if only to defeat it? In summary, you left me no choice.

&gt;

&gt; I now request that Council rescind this ill conceived act of vindictiveness and revenge. I do so also on the grounds that it infringes on my right to carry out my duties to the electorate effectively. I should also inform you that the exact date when the Northlands Scandal was known to at least one member of Council will soon be established.
