Your Worship & Members of Council,

The Public Notice on page 16 of the North Shore News - Sunday Jan 9th referring to Community Facility Lease of the Capilano Tennis Club does not seem to be in accordance with the spirit of the Community Charter in that the actual amount of the assistance is not stated. To state that "the extent of the assistance is the difference between the market value of the lease and \$1.00 per year" is to state the obvious and completely miss the intent. To be accountable to the District taxpayers the notification should at the very least supply an estimate of the market value (\$10, \$100, \$1000, \$10,000, \$100,000...?).

Without this key information such notification is next to useless and only adds to any suspicion that there is something to hide.

Yours truly,
