Dear Councillors and DNV Staff Members:

A very good reason to close Mountain View Park to mountain biking, folks. It is a sensitive and very mushy, loamy wetland area. Drainage is not what is needed on Lower Griffen, as this guy suggests. Banning mountain biking from this area is the best conservation of a wetland I can suggest. If this "thread" isn't clear enough, folks... maybe it had a lot to do with the dozens of mountain bikers coming out of Mountain View Park in the pouring rain on Saturday? Enough already! Ban mountain biking in Mountain View Park A.S.A.P! **Please do not destroy the lungs of a thriving natural and sensitive wetland harbouring a blue listed "species at risk"!! Is that clear enough?** This guy, "King-of-E-Ville", is proposing to "fix" the problem by building "a big ditch and gutter to catch and remove the seeping ground water.", etc. Who is giving him permission to go up there this coming weekend to do this? Who is going to be there to stop him from damaging more wetland for the pursuit of a very selfish sport? BAN MOUNTAIN BIKING IN MOUNTAIN VIEW PARK! And what is happening on Fromme in the meantime, I wonder?
