Ms. Newton has, however, indicated that her report is incomplete and will be updated as she receives further information. I'm reasonably satisfied, therefore, unless and until information specific to the Lynn Valley area is omitted from the complete report.

Many thanks, Liz

[This in response to an enquiry from a concerned resident that virtually all group homes on the North Shore are located in the District, specifically in Lynn Valley. The question I asked of staff was how many group homes are there on the North Shore and how many of them are in the District ? You will note that this question has not yet been answered by Ms Newton from our social planning staff.](#)

**Subject:** Group Homes on the North Shore

**Importance:** High

There are no current applications with the Health Authority for new group homes in Lynn Valley.

There are some changes underway to seniors care facilities in Lynn Valley (a net reduction in 30 licensed care beds):

1. Sunrise (Lynn Valley Road) is changing ownership - I will forward the details when we receive them. They have 107 licensed care beds.
2. Cedarview (1200 Cedarview Close in Lynn Valley) has taken 30 intermediate care beds and replaced them with assisted living beds (which are not licensed by the Health Authority)

There are two applications in the City of North Vancouver for group homes:

1. 200-block West 22nd - application for 4 beds
2. 500-block West 25th - application for 6 beds (intermediate care)

There are currently no applications in West Vancouver. The Amica Building on Clyde Avenue will be provided assisted living beds, so will not be licensed.

The Health Authority is sending me an updated list of licensed adult care facilities on the North Shore, and when I receive that I will determine the relative number of care facilities and beds in the 3 municipalities (and Lynn Valley vs. the rest of the District).

As noted, assisted living beds will not be included in these totals.
