Erik.

I did not "back peddle" and I resent your statement to that effect. I won, and I have been consistent for the last 30 years. You may not be aware of this but there WILL be a report and there WILL be a strategic plan that will go beyond the "Fromme" dimension. Sooner or later what I proposed is inevitable. If not, there will be a backlash that will stun you far more than the turnout by the bikers at the Municipal Hall last Monday. Remember all the other places where Mountain Bikers have been banned? The politicians who are your friends today will sell you out faster than you can say Mountain Biking. The public will not put up with any inconvenience in the long run I can assure you. But have it your way.

Ernie.

"LIES HAVE SHORT LEGS" Ernie Crist. What did Ernie Crist in his motion really propose.

For a vision beyond the end of your nose and those of all the other bikers on the future of Mountain Biking on the North Shore read the (NORTH SHORE) OUTLOOK, Thursday, Mar. 4, 2004.
