A MESSAGE FROM ERNIE CRIST:

Many Canadians are praying for Bush to get defeated. However, the difference between Bush and Kerry is marginal. Both are obedient servants of the American section of Global Inc, desperately trying to hold on to the position of primacy and control of the world for the benefit America Inc. While the strategy for world domination has been outlined in the think tanks of America headed by Zbigniew Brzezinski in his " THE GRAND CHESS GAME", THE CONTRADICTIONS IN THE WORLD ARE GROWING. The rich are getting richer and the poor poorer which is really at the heart of the Muslim uprising. Japan, Europe, China, India and Russia are all vying for the same resources including OIL.

Canada is also on the list of US INC as crucial supplier of energy and raw material at prices determined by US Corporations. The disastrous implications of NAFTA are beginning to take its toll. Even the most resolute defenders of the erstwhile NAFTA agreement in Canada are beginning to realize that it was colossal mistake.

The one candidate who would make a difference in the US election is Ralph Nader but the American people are not ready to elect him. The Die is cast and the course is set for a major disaster which will make Vietnam pale in comparison and will drag Canada into the maelstrom unless our people are very alert and very smart.
