CC: Senior Management Committee <managecomm@dnv.org>, Mayor and Council - DNV <Council@dnv.org>, "FONVCA (E-mail)" <fonvca@fonvca.org>, Maureen Bragg <m.bragg@shaw.ca>, Liz James <Cagebc@yahoo.com>

Mrs. Craver: I must take exception to your continued slugging of our environment, parks and planning staff. Contrary to your accusations, District staff in the environmental, parks and planning fields are known throughout the lower mainland as being leaders in their specific fields of specialization. The District of North Vancouver was the first municipality in the lower mainland to adopt and Environmental Protection and Preservation Bylaw. Other municipalities in the region seek guidance from our highly qualified staff in environmental initiatives. We have also been leaders in working cooperatively with staff from DFO and Provincial Environment in providing coordinated analysis and input into both public and private initiatives.

From a Parks and Planning perspective we are known throughout the region as having one of the most inclusive planning and public input processes. All groups, including advisory committees, have numerous opportunities to provide input as we work through the process.

While you as an individual, or as a representative of a specific committee, have every right to disagree with staff recommendations I would request that you do so in a respectful and polite manner.

Should you wish to discuss what you perceive as shortcomings in the process please call me and we can review your concerns.

Sincerely,
J. Irwin Torry

Subject: Mailed Invite Requested

Dear Alpine Recreational Strategic Study Planners:

I am asking that a **mailed invitation** to the next public Open House on November 18, 2004 at Upper Lynn Elementary School regarding traffic, parking and staging be sent to all those registered with an Upper Lynn Residential Only Parking Permit, including those that preceded us at upper Mountain Hwy area. Please send these invites as soon as possible, as people do have to plan to be able to attend these meetings. If notice is too short, then people may have to decline. The fact a display will be at the Lynn Valley Mall two days later makes me very concerned. This parking and staging issue is one that only the residents affected should have a say, not the whole DNV community. We know what is best for community livability up here, bordering our forest and mountain area, not those who live elsewhere. Thank you.

Monica Craver
North Vancouver
V7K 2R3

PS. I am also very concerned with the fact that decisions are being made by only 35 people, of which about 28 "agreed" to the management zones (out of 74 private citizens of DNV)--Sept. 29 Alpine meeting. If DNV labels this as "strong support"?! for the management zones, then this whole "public process" has to be scrapped, as it is flawed and has been flawed since the beginning. This is a process decided by the interests of one specific sports group who have intimidated, bullied and threatened those in opposition to its illegal presence in our forest and mountains. The lack of real environmental leadership shown by DNV Parks staff is pitiful at best. Please discontinue this flawed alpine process, and find real solutions to preserving our forest and mountains for future generations. Thank you.
