Your Worship & Members of Council,

I note from the Outlook (page 5 Thursday Oct 6/2005) that total number of homeless in North and West Vancouver went up by 41 (from 44 to 85) in period 2002 to 2005, while for the region as a whole it went up by 1007 over same period. The GVRD population (see <http://www.gvrd.bc.ca/growth/keyfacts/popproj.htm>) is about 2.1million and thus our "share" would be about 57. Well, at least we took less than our average "share". Still, 41 is too many.

Yours truly,

Corrie Kost
