Woman injured on Ned's last night?

Updated status on the rider, as of 4:30 am last night: She was x hasn't been able to get up move around much yet. Hopefully ju:

It was the 1st big drop. The one by the log that has the booter t 3-4' drop, but 7' was thrown around **because she landed head** top of her head to where she landed.

Once again, North Shore Search & Rescue did an absolutley A

Thanks to all the riders who stopped to offer help.
