re: North Shore Transportation Advisory Committee meeting  
held April 7th, 2005 at Lions Bay Municipal Hall

I caught some of this week's West Vancouver council meeting  
on cable t.v.

Of interest was the West Van committee rep's report (is it  
Councillor Soprovich?). He did not have much of substance  
to report, it having been the first meeting. He did say  
that you had been elected Chair. About the only concrete  
thing he had to say to his council was that there had been a  
discussion about how to get more of the traffic onto  
Capilano Road (and off of West Van streets, presumably).

Mayor Harris, can you give us some sense of that discussion?

I would expect that DNV representatives on that committee  
would not be making any agreements concerning our roads and  
highways, without consultation with the community.

I will be contacting the clerk's office to find out how to  
obtain notices of meetings, agendas and minutes of this  
committee. I'm sure there are citizens in North Vancouver  
who will be interested to follow this committee's work.
