Mayor Harris and members of Council,

It is very hard to argue the excellent and eloquent points made by so many other NVD residents.

For the record I just wanted to state that I also fully support the suggestions made before, including an enforceable bear-bylaw.

Best regards,

Eric G. Andersen

Subject: Re: North Shore Bear Advocates

I, too, strongly urge District Council to follow the lead of other municipalities like Lions Bay and Whistler which have taken action to place more responsibility on householders to use bear proof garbage containers. Leadership is needed on the North Shore to advise people that they are part of the problem and the solution.
