Hello Mayor Harris and Councillors

I want to express my support for the changes to the vehicle use reimbursement policy as proposed by the District finance department.

Tying the rate to what the Government of Canada pays makes all kinds of sense, for the reasons mentioned in the staff report. I know from my work in accounting and income tax that many, if not most, business and other agencies use this rate. Any future adjustments can be made as a matter of course, rather than through the more cumbersome and time consuming method of going through the council approval process.

Cathy Adams
