Your Worship & Members of Council,

Agenda item #15 "Alarm Permit Program and revised False Alarm Bylaw" is a perfect example of what not to do. It's only purpose is to reduce false alarms. So what does it do? It mixes-up the good guys with the bad guys - while setting up another bureaucracy.

Leave the vast majority of us law abiding users of alarm systems alone. Leave the education of their use to be done by our volunteers in the Community Policing stations.

Please, just vote to retain the current penalty based program. We don't need more invasion of our privacy with yet another "registration" program.

Yours truly,

Corrie Kost
