Hello,

As a weekly user of the trails on Fromme I am very disappointed to hear that there is a proposed moratorium on Mountain Biking there. It seems every week when I ride trails on Fromme I comment on how much new work has gone into maintaining and upgrading the trails to handle rainfalls and trail use, etc. This maintenance is for the good of all trail users and is primarily done by volunteer mountain bike riders. This area is world renowned as the best mountain biking location to visit. Also, the riding right here is what has driven many local companies to develop new and innovative products that shape the sport for the rest of the world.

Please don't underestimate the importance of keeping the trails on Mt. Fromme open for mountain bike use.

Sincerely,  
John Evoy
