I live in Lynn Valley and one of the main reasons we moved there was because of the World class mountain biking. Mt Fromme is considered the heart and soul of mountain biking worldwide, as it is where the North Shore style developed. I don't happen to mountain bike now, a little too old etc. but consider this an important part of the culture.

Aside from the obvious damage to the local economy, banning Mountain biking on Fromme would be the equivalent to Hawaii banning surfing on its North Shore beaches. Frankly, it is amazing to me how out of touch some Councilors are on this issue.
