**To:** Ernie Crist <[ernie\\_crist@dnv.org](mailto:ernie_crist@dnv.org)>, [fonvca@fonvca.org](mailto:fonvca@fonvca.org), Mayor and Council - DNV <[Council@dnv.org](mailto:Council@dnv.org)>, Senior Management Committee <[managecomm@dnv.org](mailto:managecomm@dnv.org)>, James Ridge <[James\\_Ridge@dnv.org](mailto:James_Ridge@dnv.org)>, Richard Boase <[Richard\\_Boase@dnv.org](mailto:Richard_Boase@dnv.org)>, Ken Bennett <[Ken\\_Bennett@dnv.org](mailto:Ken_Bennett@dnv.org)>

Councillor Crist: Our Environment staff have been after BC Parks to address this problem with the current operator of Mt. Seymour. As far as I am concerned they have all the legislative tools to rectify this situation, however, the excuses for inaction continue.

Dear Mr. Kinney:

Thank you for this information. It proves my point. The problem with this particular company has been going on for years. Despite solid evidence and several attempts on my part, the previous elected local government opportunists refused to do anything about it.

Yours truly,

Ernie Crist

Dear Councillor Crist,

I appreciate your response. I have been in contact with the Ministry of Environment (Sisto Bosa) and Department of Fisheries (Sandie Hollick-Kenyon). The disturbing fact is Mt. Seymour Resorts Inc. has a provincial permit which allows this to happen. Mt. Seymour Resorts is in gross violation of their permit and it seems that everyone at the Ministry is either overworked or claims that because Mt. Seymour Resorts is a self-regulating company, there is nothing wrong.

Thank you for your letter.

Hi Ernie,

Could you send a copy of this communication to FONVCA as it was not on the email list?

May I suggest that you also pass on to the person that the North Shore Streamkeepers will have a meeting at the hall 7:30pm on Tues Sep 13th which the party can attend and I feel sure can make a short presentation to them on this matter. The pollution of Francis Creek is a Federal offense and should be brought to the attention of the DFO - perhaps trying
