To Whom it May Concern:

A very good reason why many Upper Lynn residents do not want mountain biking on Fromme. Nothing has changed with the behaviour of the "few" (their numbers are growing) mountain bikers. It is the nature and mentality of the sport. This sport belongs *away* from residential neighbourhoods. It must be controlled and contained sooner than later. If you cannot take the word of the neighbours up here, just look at what the mountain bikers are saying. Anyone listening out there?

Please stop the *insanity* and do the right thing. Thank you.

climbing freak

fromme is still a zoo...

i regularly see...

- people blocking traffic by riding 2/3 wide for no reason
- people fixing bikes in the middle of someone's manicured lawn
- changing down to guinch or less in plain vue of people
- yelling / loud stereos
- people parking in the restricted parking area

honestly, almost 50% of the time i pedal up Mtn Hiway in the "peak" periods there is at least one group of people who is probably pissing off residents ...

in our defense, many of these tools ARE out of towners who have no idea about the whole history of fromme parking...
