A MESSAGE FROM ERNIE CRIST

The OUTLOOK published a letter to the editor yesterday "Bell Baiting". The letter by myself was in response to an editorial by Andrew McCreddie published in the OUTLOOK the previous week, speculating that Don Bell might wish to come back to the District and run for Mayor unless he would be appointed Senator.

I hope you will find it funny, but don't let your children read it - it might scare them.

Yours truly,

Ernie Crist
