Dear Editor,

Brilliant editorial! This is what I, John Sharpe, and Ernie Crist have been trying to get across to the public.

In direct contradiction to your editorial is letter writer Janet Dysart in the same edition, "Lynn Valley better by design."

Ms. Dysart states, "No matter how we may want to bury our heads in the sand and say we do not want more density in any area of the North Shore it will happen."

Modern community planning in Lynn Valley is not being followed here. We have had our share of densification in the last few years. Without public transit in place, any further development in Lynn Valley is like building a house without first looking after the foundation.

Wendy Qureshi
