Dear Editor,

What is going on with the DNV bylaws? They are not enforced. I live near Lynn Valley Road and Mountain Highway. There are trucks coming and going all day every day. Do they have to keep their motors running for an hour or more?

I have spoken to some of these drivers and asked them why they don't turn off their motors. I get the "bird." Nasty.

There was a truck parked in front of Woodstop today and it was running full tilt for more than an hour. The back-up beep beep also went on and off for more than an hour. They were loading wood onto the truck. There is no need to keep the motor running.

Please, we residents of Lynn Valley do not need this constant barrage of noise and it will certainly get worse if there are highrises built in our community.
