CC: Susan Rogers <rogerss@dnv.org>, fonvca@fonvca.org

Dear Mayor and Council:

I noticed that the NSMBA TAP(ped) crew has "resurrected" another old unsanctioned trail route on Lower Oilcan! This is just another dubious NSMBA trail day on another "parasite" line, first created without permission, more than a few years ago. This just follows closely behind with the "No Quarter Trail" (see my earlier email on the subject), built earlier using more parasite lines (unsanctioned trails) to guide it along... Wow!

There really isn't any enforceable rules or regs for the NSMBA to follow, anymore, is there? The NSMBA doesn't care, as long as DNV is pouring mega-bucks into its scofflaw sport, and gives them a "license" to break almost every environmental and streamside protection law and bylaw there is....

Clearly, DNV has lost control of the forest as the NSMBA do what ever they wish, with or without permission. If this was "permitted", it is clear the NSMBA tail is wagging the DNV dog! Woof! Woof! Who is going to be picking up after all this endless NSMBA "doo doo" in the woods...? Our children and grandchildren?

On a similar topic, written by someone other than myself:

<http://blogborgcollective.blogspot.ca/2015/05/part-i-nvmibsha-goal-public-pit-toilets.html>

As you can read -- I am not the only one around who sees through the thin veneer of all this MTB/NSMBA trail building "volunteerism". The truth will come out, and it is not pretty. It is pretty shameful! Yes. The NSMBA and their corporate cohorts are sure "TAPping it and TAPping it good!" It's awful ugly.

"**Old Line is resurrected from the grave on Lower Oilcan thanks to [Rocky Mountain Bicycles](#). TAP it and TAP it good!"**

How

much much gold dirt was dug out of how many more burrow pits? It is all such callous vandalism.
