Subject: More NEW NSMBA trail digging again
Date: Sun, 8 Nov 2015 10:48:52 -0800
From: Monica Craver <mecraver@shaw.ca>
To: DNV Mayor and Council <council@dnv.org>
CC: Susan Rogers <rogerss@dnv.org>, fonvca@fonvca.org

Dear Mayor and Council: This is one of the main reasons why I want to see the trail "work plans" published for the general public to view. All this is being done, damaging our watersheds and mountain slopes indiscriminately. Anything goes, it seems, in DNV. How much gold dirt was dug out of more borrow pits, trenches? This kind of insanity needs to STOP!

This whole new trail digging on Fromme during the deluge of rain, yesterday! The insanity never ends with the NSMBA vandals! A "climber" trail, somewhere on Fromme...The work plans for all these are more secretive than ever in DNV-NSMBA. Nobody knows what's going on, these days! This is very wrong.

There are far too many trails being built. Who is minding the woods? Not DNV, it's clear! Another fine photo sent around North America about what District of North Vancouver allows the mountain bikers to wreak on the natural environment for a cheap thrillride. The general public must have a say on the what the 1 - 2% minority "stake" is doing the most damage to our natural places. We have a right to see the proposed trail "maintenance" plans. But, all I see is all NEW trail building. It is a sham.

The fact that three trail days have occurred on Fromme this past weekend, alone, in the rain and mud, is incomprehensible! Mitigating "climate change, etc."? Dont be so hypocritical! Time to corral, contain, and enforce this wily off-road group in the forests. Thank you.
